Sustainability of Social-Ecological Systems: the Nexus

Integrated reporting enhances the way organizations think, plan, and report their business’s story. It is

used as an opportunity to communicate a clear, concise, integrated story explaining how value is created within the organization. It can help businesses think holistically about their strategy and plans, make informed decisions, manage key ...

Creating Value for SMEs through Integrated Thinking | IFAC

Materiality is a hot topic among CSR professionals grappling with questions of what to report, and how. As the name implies, the so-called "materiality assessment" promises to answer these questions, showing an organization the activities, impacts and achievements it should communicate to stakeholders.
